25X1

Special Assistant to the DDCI

FROM

Deputy Director of Central Intelligence

SUBJECT

Follow-Up on IG Reports

- 1. IG reports involve considerable time and effort, both on the part of the IG's staff and relevant components, and they surface important issues that often warrant follow-up actions. To assist me in ensuring that appropriate follow-up does take place, please follow the process outlined below on future IG reports.
- Once an IG report has been submitted to the DDCI/DCI, I would like to:
 - provide me any staff views that may be appropriate;
 - draft for my signature decision memoranda on the IG's recommendations, incorporating any DDCI/DCI revisions as appropriate and requesting status reports on implementation;
 - advise me on implementation progress or when additional action may be required. (Some issues may be sufficiently important to monitor through the Goals Program.); and
 - keep the IG informed on the above.
- 25X1 to be available for consultation and assis-I would like tance. When an unusually difficult or important issue is involved, for example, we may want to have an Auditor or Inspector revisit a component to determine if recommended actions had the desired effect.
